

Company Profile

Gliderol Garage Doors Pty Ltd

Head Office, Adelaide South Australia

Gliderol International Pty Ltd is a privately owned Australian manufacturing company. Established in 1974 the company within four years of operation had branches in every state of Australia. Core business activity revolved around its continuous steel curtain roller door, and unique orbital drive automatic operator.

Sustained growth has seen Gliderol International Pty Ltd become the leading manufacturer in the world of light gauge garage doors, employing over 300 staff and operating manufacturing plants in all mainland states of Australia.

Licensee Information

Since our inception in 1974 Gliderol International Pty Ltd has nurtured and successfully assisted over 15 International companies in the manufacturing and sale of garage doors and operators.

We extend an invitation to any potential customer who would like to become part of our world wide network of licensees.

On establishing a licensee agreement, all internal resources can be made available to the new licensee.

These include:

- Technical drawings
- Factory design
- Manufacture and sale of all machinery required for a production
- International representation
- Sample products
- Advertising and promotional support
- Design standards manual
- Sole and exclusive selling rights to a regional market

GLIDEROL INTERNATIONAL PTY LTD WORLDWIDE OFFICES

Gliderol has successfully marketed its products through licensing. The Overhead Door Company in America and Hendersons Door Company in the UK are two of the largest manufacturers of garage doors in their respective markets. At present other extremely successful licensees operate in Saudi Arabia, United Arab Emirates, Bahrain, Qatar, South Africa, New Zealand, Singapore, Taiwan, USA, India, Thailand, Sri Lanka, China and many other countries.

Gliderol Garage Doors

Manufacturing Equipment and Tooling Division

Through 50 years of manufacturing doors for residential and commercial garage doors, Gliderol International has developed and maintained a substantial capability in turnkey solutions for designing and fabricating equipment and tooling for the production of the following product lines.

- Continuous sheet curtain doors for residential and commercial
- Slats for service and fire door shutters
- Sectional doors
- Guides for sectional doors
- Tracks for sectional doors

Through repetitive manufacturing of rollformers, tooling and ancillary equipment, we have developed the ability to provide high quality machines at very competitive prices, and Gliderol's Manufacturing Equipment and Tooling Division can turn your concepts and specifications into a manufacturing process line ranging from fully controlled automated lines to single control individual units.

We provide:

- Design and engineering of the manufacturing machinery
- Fabrication and assembly
- Installation
- Start up and commissioning
- Line controls and automation
- Technical advice and follow up as required.

To date, Gliderol's Manufacturing Equipment and Tooling Division has provided manufacturing lines to our Licensed Manufacturers in 15 different countries, and we will be pleased to discuss with you any current or future manufacturing opportunities you may be considering.

Our total effort is supported with the sales of parts and components for continuous sheet curtain doors, and the world acclaimed Glidermatic door opener for continuous sheet curtain doors.
